## SUMMARY

Experienced backend developer with a strong foundation in designing, implementing, and maintaining scalable and efficient server-side systems. Proficient in a variety of programming languages and frameworks, with a focus on backend technologies such as Node.js, PHP-Laravel, Java, and SQL. Skilled in database management, API development, and cloud computing platforms such as AWS and Azure. Adept at collaborating with cross-functional teams to deliver high-quality software solutions that meet both technical and business requirements. Passionate about staying updated with the latest trends and technologies in backend development to continuously improve and innovate.

## EDUCATION

Studied at Al-Zaytoonah University /Faculty of Science and Information Technology bachelor's degree in computer science | Oct 2016 to Jan 2021.

## WORK EXPERIENCE

- **Glyphs Marketing (Remote):**

January,2023 to April 2024

We focused on creating high-quality web applications. Utilizing Laravel's capabilities, I built efficient back-end systems with RESTful APIs, integrated external services, and optimized database interactions. My expertise in HTML, CSS, and JavaScript allowed me to create responsive user interfaces that seamlessly connected with the back-end. I ensured that all solutions were scalable, secure, and aligned with coding standards, contributing to a smooth and impactful user experience.

- **DIGI SOL FZE, Jordan-Amman:**

January,2022 to December,2022

I engineered strong and effective back-end structures. I formulated RESTful APIs, integrated external services, and fine-tuned database operations to guarantee smooth and dependable application functionality.

## TRAINING AND COURSES

---

- **Laravel 8 - Build Advance Ecommerce Project A-Z, (UDEMY):**  
April,2023 to June,2023
- **Laravel 8 - Advance Course Build School Management System, (UDEMY):**  
march,2021 to April,2021
- **The Java Learning Guide, (UDEMY):**  
January,2021 to February,2021
- **JavaScript, Bootstrap, & PHP - Certification for Beginners, (UDEMY):**  
November,2020 to December,2020
- **The PHP 8 Learning Guide [2022 Edition], (UDEMY):**  
November,2020 to December,2020

## PROGRAMMING LANGUAGES:

---

- Backend (PHP - Framework Laravel , node js )
- Front-end (react js , vue js ,HTML5, CSS and JavaScript )

## PERSONAL SKILLS:
